Canaries Trust – Legacies

Many people like to remember things dear to them in their will; we know Norwich City Football Club has created many such memories for fans and we would like to provide the opportunity for Norwich City fans and our members to donate and support the Canaries Trust for the future.

When you are making arrangements for your estate and feel you'd like to leave something to The Canaries Trust then it is a simple process: first make contact with the Chairman and let us know your intentions, then use the guide below to assist in instructing your executors.

How to Leave Canaries Trust a Legacy

If you are about to make your will or have already made a will but would like to add the Canaries Trust to the list of beneficiaries then there is a simple process.

We offer three options:

- In Memoriam Gifts
- A fixed sum legacy
- Part or all of your estate

A legacy left to the Canaries Trust would be very welcome and used in accordance with the Trusts rules, however we advise that you should consult your accountant or solicitor what the benefits are for your estate in giving to the Trust.

Memoriam Gift

Many people today prefer to have In Memoriam Gifts instead of flowers on their death.

It is important that if you wish to have donations made to the Canaries Trust that you ask whoever is drawing up your will to advise on the most appropriate form of wording, which could be along the following lines:

'I instruct my Executors to ensure that instead of floral tributes at my funeral/memorial service, that donations are made to Canaries Trust, need registered address. The donations should be marked In Memoriam Gift and sent to the address above.

Fixed Sum Legacy

A fixed sum legacy is a simple process where you specify in your will the exact amount you would like to be given to the Trust. Please ask whoever is drawing up your will to advise on the most appropriate form of wording, which could include the statement below:

'I instruct my executors to give the Canaries Trust of registered address, the £[insert figure] of my estate, and I direct that the sum may be used by the Canaries Trust for the general purposes of the Canaries Trust as authorized by the Committee. A receipt signed by a The Treasurer shall satisfy the discharge of this donation to my executors.'

Part Or All Of Your Estate

It may be that you would like to support the Trust by either leaving all or part of your estate. To ensure we benefit please instruct whoever is drawing up your will to advise on the most appropriate wording which could be along the following lines:

'I instruct my executors to give the Canaries Trust, of the residue share of [insert percentage figure]% of my estate absolute and I direct that the sum may be used by the Canaries Trust for the general purposes of the Canaries Trust as authorised by the Committee. A receipt signed by the Treasurer shall satisfy the discharge of this donation to my executors.'
